

## Point Pool Instructions

Unfortunately, for the 3 to 6 with The Fish Point Pool, this is the final weekend. You should wager accordingly (e.g. wager everything and hope for the big underdog hit!).

We appreciate your participation in our great new pool and regret having to shut it down right in the middle. This was, of course, the last thing we wanted to happen. Unfortunately, we have exhausted all other alternatives.

We hope you have enjoyed the pool and gotten a taste of why it is considered such a refreshing new game. We further hope you will give us another try when we return with a slate of new games for you and your friends to try your hands at.

In the meantime, we wish you nothing but the best through the upcoming holiday season.
