

Point Pool Instructions

We regret to inform you that the "Golf and the Big Game" pool will be discontinued with no prizes awarded. Participants will receive a complete refund of their entry fee within the next week (although it may take a little longer to post back to your account).

We appreciate your participation in our great new pool and regret having to shut it down right in the middle. It was, of course, the last thing we wanted to do. Unfortunately, we have exhausted all other alternatives.

We hope you have enjoyed the pool and gotten a taste of why it is considered such a refreshing and engaging new game. We further hope that you will give us a chance again in the future when we return with a slate of new games for you and your friends to try your hands at.

In the meantime, we wish you nothing but the best for the upcoming holiday season.
